

PERFORMING ARTS LEVEL 3 (DANCE)

STEP UP WORK

YEAR 11 INTO 12 2020

You need to create a solo dance based on the theme "Growth".

Your dance

- can be presented in any style of your choice ie contemporary, jazz, ballet, urban etc.
- should last between 1 -2 minutes.
- should be performed to a suitable piece of music
- is a personal response to the set theme so you can interpret it however you feel is appropriate.

To help you choreograph your dance, you should

- create a mind map in response to theme, to explore ideas
- create a story/scenario to further develop your chosen response
- present these ideas in a written form
- draw on any past practical experience ie work completed in class, dance lessons, performances, technique etc.

If you have completed a dance course at level 2 (Btec, GCSE, Btec Tech) you can draw upon your experience from the unit related to a response to a given theme so, for example, if you were a student of Level 2 Btec Performing Arts Dance, you may draw upon your experience from the work you did for Unit 1 - Individual Showcase. Any problems, please get in touch with Mrs Roberts.

Enjoy !!
